

2012 Syrah, Oak Knoll District

Syrah has become an important part of the Oak Knoll AVA due to the ideally suited deep clay loam soils, which produce wines that are rich and complex. Our 2012 Syrah starts with a deep, dark rich nose of blackberries and black pepper spice with a hint of anise. The flavors lead with bright red raspberry and red currents that are carried through with solid acidity offering a long lingering finish. Tasting great now or lay it down for a few years.

~
